

Sample Budget

Use the chart below to help budget your money wisely. Everyone has different needs, wants, and priorities, so not all budget lines may be needed. Also, fixed and variable expenses may vary for different regions, families, and company billing practices. Use the final column to track what was actually spent and compare it to the plan. Adjust next month's budget as needed.

INCOME	PLANNED AMOUNT \$	ACTUAL AMOUNT SPENT \$
1. Monthly Income		
2. Additional Income
